 - Table and chair are in the equipment room. The players should have this setup, as they arrive an hour before the games.
 - Take admissions until a half hour after the last game starts.
 - Sometimes people at concessions will offer to cover the admissions during the games, when they are running slow. However they do get busy between sets, so please do not abuse this help.

5. Also remember, Wildcat players not playing can help you out. Do make use of them.
