Dear Volleyball Parents,

We are a volunteer organization. We welcome moms, dads, older brothers and sisters, grandparents, etc. to help out. We expect everyone to sign up for something. Some of the areas (cleaning, concessions, and line judges) will have players assisting; however, adults are also needed in each area. We are also looking for volunteers who can be in charge of the different areas. Those in charge of the specific area would schedule the volunteers, do any training, if any, and generally make sure that games are covered in your particular area of responsibility.

We understand that parents want to watch their child's game and we do not expect you to give that up. Unless otherwise requested, we will attempt to assign you to work during the games before or after your child's game.

Please fill out the sheet below and return it to the secretary as soon as possible.
